DREADFUL PSORIASIS

Covering Entire Body with white
Scales. Itching; Painful.
Cured by CUTICURA.

Our little boy broke out on his head with a bad
form of eczema, when he was four months old.
We tried three doctors but they did not help him.
We then used your Dr. CUTICURA REMEDY,
and after using them eleven weeks exactly accord-
ing to directions, he began steadily to improve, and
after the use of the lotion for seven more his head was
entirely well. When we began using it his head
was a solid sore from the crown to his eyebrows.
I was also all over his ears, most of his face, and
small places on different parts of his body. There
were sixteen weeks that we had to keep his hands
tied to the cradle, and hold them when we was ta-
ken up; and had to keep mittens on his hands to
keep his fingers out of the sores, as he would
scratch if he could in any way get his hands loose.
We know your CUTICURA REMEDY cured him.
We feel safe in recommending them to others.
GEO. B. & JANETTA HARRIS, Webster 11-2

Scrofula Cured

I have a sister younger than myself whose
whole body was covered with scrofula sores, from
head to foot. She could not sit down at night and
had no peace by day. A friend advised her to try
the CUTICURA REMEDY. She did so, and they
cured her. DORA B. EDVING.

SPECIAL DISPATCHES TO PROSPECTOR

MARCH 4.

In New York to-day silver was
quoted at 96 1/2; lead, \$14.40; and cop-
per, \$14.35

—Speaker Reed appointed Messrs.
Clunie, McKinley, Blount, Geary,
Tucker, McConnae, Caruth, O'Neil of
Massachusetts and McAdoo, a com-
mittee to attend Senator Hearst's
funeral.

—Chief Bushyhead and Jno. Jordan
of the Cherokee nation have been ar-
rested by the United States troops.
They have been operating a stone
quarry near the boundary and refused
to vacate per order of the secretary of
the interior. They were escorted be-
yond the line and warned not to re-
turn.

Sealed proposals will be received up
to March 7th for the delivery of 800
head of stock cattle at Osage agency,
Oklahoma Territory. Said cattle
must be in good condition and of the
grade known as Northern Texas and
to consist of two and three-year-old
cows and heifers, one-half of each age
and no animal to average less than
700 pounds in weight at the time of
delivery.

—A special from Oklahoma says:
A deplorable state of affairs exists
among the negroes who have lately
emigrated to this territory. They
have come to the number of several
thousand, with the understanding
that the government would feed and
give them a piece of land, and they
are opening their eyes to the fact that
the land is already taken by white
men and that the government will
not feed them, and as they have no
money and there is no work for them
to do, they are in a deplorable condi-
tion.

—The House yesterday passed the
senate bill for the erection of a new
mint at Philadelphia to cost \$2,000,000
also for the erection of a new custom
house at New York.

The Senate passed the shipping or
subsidiary bill appropriating \$1,400,000
for transportation of foreign mails in
American ships.

—Edward Braden, a wealthy con-
tractor of San Antonio, has made an
assignment for the benefit of his cred-
itors.

—An unknown schooner was sunk
off the coast of Georgia last Saturday.
It is thought that all on board were
drowned.

—It is asserted that a number of
tribes from the Osage reservation have
resumed the ghost dance, and a renew-
al of trouble is looked for.

—As the result of the decline in the
price of silver nearly 100 bars of bul-
lion have been taken from the Carson
mint and sent to China, where a
higher price prevails for it than in
America.

—There is a growing feeling among
the best informed and most clear-
sighted members of the Senate that
President Harrison will feel it incum-
bent upon him to call a short special
session of that body soon after the ex-
piration of the present session of Con-
gress. It is likely that a good deal of
pressing and important executive busi-
ness will be left over after March 4,
some of which, in fact, depending on
legislation still uncompleted, can not

well be presented to the Senate before
that time. It is apparent, for in-
stance, that the President will be
called on to appoint nine additional
United States circuit judges, that
many new judgeships being created in
a bill for the relief of the Supreme
Court, the conference report on which
is now pending in both houses.

Advises were received at the general
offices of the Atlantic and Pacific on
Sunday morning from General Man-
ager Robinson, that the bridge across
the Mohave river at Barstow had been
rebuilt, and that the line was now
open for freight and passengers from
Albuquerque to San Francisco. The
California Southern is still in bad
shape in the Cajon pass, while it may
be two weeks or more before the
Southern Pacific can get a train
through to California. The Atlantic
and Pacific will be kept quite busy for
a time, as in addition to their delayed
freight Southern Pacific freight for
California will pass over their line.

Hay Fever and Catarrh.

Those afflicted with either or both
troubles will appreciate this letter
from Joshua Harvey, of number 5010
Elm Ave., Philadelphia, Pa.

"I have used ALLCOCK'S POROUS
PLASTER for thirty years and have al-
ways found them efficacious in coughs,
colds, pulmonary complaints, rheuma-
tism and pains in the back. I also
was subject to violent attacks of cat-
arrh or hay fever; to cure this I cut
a strip sufficient to cover the forehead
all over and applied it on going to
bed. Slept well and got up with a
clear head and nose stopped, running,
eyes bright, and all pain in the head
and nose gone. Sometimes I am at-
tacked with extreme hoarseness, but
always relieved by ALLCOCK'S POROUS
PLASTER around the throat."

Rev. F. M. Shront, pastor United States
Brother Church, was married, says—
"I feel it my duty to tell what wonders Dr. King's
New Discovery has done for me. My lungs
were badly diseased, and my parishioners
thought I would live only a few weeks. I
took five bottles of Dr. King's New Discovery
and am sound and well, gaining 25 lbs
in weight."

Arthur Love, manager Love's Funny Folks
Combination, writes—"After a thorough
trial and convincing evidence, I am con-
vinced Dr. King's New Discovery for Con-
sumption beats 'em all, and cures when
everything else fails. The greatest kindness
I can do my many thousands of friends is to
urge them to try it." Free trial bottle at

and \$1.

ceived a second grade certificate from
the Cochise board of examiners. She
passed a very creditable examination.

THE LUMHOLTZ PARTY

Heard From at Last, and Are
Making Many Important Dis-
coveries

The Lumholtz party, which left Bis-
bee last September, has been heard
from. Prof. Libby, one of the party,
passed through the City of Mexico a
few days since on his way back to his
home. The Two Republics states that
the collections thus far made run into
the hundreds, consisting of specimens
in botany, large collection of bird
skins and of minerals. Among the
bird skins are a number of entirely
new varieties. In the Sierra Madre
mountains of northern Chihuahua and
Sonora they found evidence of a dense
population in the remote past. The
houses were built of stone and mud
and had fallen down many years since,
and in so doing had broken the pot-
tery and other utensils within. Those
built of adobe were in a better condi-
tion and contained some interesting
specimens. They found fragments of
pottery and household implements, all
sufficiently similar to those of the
Pueblo builders of the east, south and
north to show that they were connect-
ed with them.

Several years ago Chamberlain &
Co., of Des Moines, Iowa, commenced
the manufacture of a cough syrup, be-
lieving it to be the most prompt and
reliable preparation yet produced for
coughs, colds and croup; that the pub-
lic appreciate true merit, and in time
it was certain to become popular.
Their most sanguine hopes have been
more than realized. Over three hun-
dred thousand bottles of Chamberlain's
Cough Remedy are now sold each
year, and it is recognized as "the best
made," wherever known. It will cure
a severe cold in less time than any
other treatment. For sale by H. J.
Feto.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was
troubled with Neuralgia and Rheuma-
tism, his Stomach was disordered, his
Liver was affected to an alarming de-
gree, appetite fell away, and he was
terribly reduced in flesh and strength.
Three bottles of Electric Bitters cured
him.

Edward Shepherd, Harrisburg, Ill.,
had a running sore on his leg of eight
years' standing. Used three bottles of
Electric Bitters and seven boxes of
Bucklen's Arnica Salve, and his leg is
sound and well. John Speaker, Ca-
tawba, O., had five large Fever sores
on his leg; doctors said he was incur-
able. One bottle Electric Bitters and
one box Bucklen's Arnica Salve cured
him entirely. Sold at J. Yonge's
drug store.
